Yard Extender System

Invisible lateral supports on oval pool. For anyone who wants to make the most of their yard – and their pool

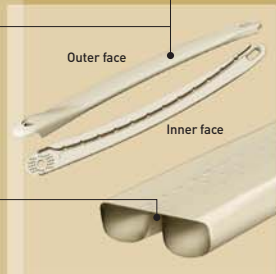

EZ-LOCK system

- A system where the assembling piece is the tool
- Fast and easy installation
- Airtight adjustment

top ledge

- Modular assembly for an exact fit
- Integrated ledge cover
- Curved internal rib adjustable to all types of liner stability

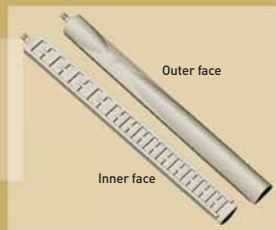

indexing system

- System² reinforces structural stability
- Parts assemble for perfect cohesion
- Pins can be inserted at anchor points for the appropriate pool dimensions

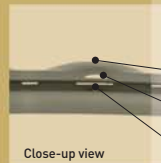

tacking system

Less warping under weight thanks to the welding of the top and bottom sections

bottom wall channel

- Smooth, undulated shape increases pool strength
- Rust-proof rail and built-in drainage slot prevent wall corrosion
- Wall clip permits stability with ground changes

upright

- Screwless, monocoque system¹
- Modern and innovative style

slide-in joiner plate

- Joiner plates slide in quickly and effortlessly due to advanced upright design
 - No screws necessary
- Plates are engineered not to move after assembly, providing maximum resistance to water pressure

base crown

A double-lock system around the base of the uprights provides increased strength and solidity, as well as double protection that keeps joiner plates fixed and firm

water safety

- The purchase of an aboveground pool provides years of pleasure and fun, but it also involves water safety. Although Zodiac cannot supply a full-time lifeguard, we strongly recommend that you implement the following safety rules. These will help provide a pleasant atmosphere for you and your family.
- NEVER jump or dive in an aboveground pool.
 - Maintain constant adult supervision when children are in or near any body of water.
 - Read all of the safety, installation, and maintenance information contained in the Zodiac instruction manual and water safety brochure before you start installing your pool.
 - Ask your city about any specific rules and regulations that apply to aboveground pools.
 - Follow the Zodiac instruction manual and maintenance instructions.
 - Never remove applied or posted safety stickers or signs from your pool or pool area.
 - Barriers to prevent unsupervised access, especially by young children, should be built, installed and checked on a regular basis to ensure they are in good working order.
 - Inspect your Zodiac pool, barriers, alarms, and other related equipment on a regular basis in order to ensure they are in good working order and that they are safe.

Zodiac installation, maintenance and safety manuals contain detailed tips and recommendations. They must be read, followed and applied on a regular basis, as they will prevent unnecessary accidents and will ensure many summers of pleasant, safe family fun.
